# Our roots

**Sport is full of emotion. Visit any sports stadium and you will encounter all the emotions: joy, sadness, fear, anger, amazement and sheer euphoria. This iconic place is the symbol, emblem and inspiration for Stanno's logo. The stadium is where an athlete becomes a legend. A legend created by the universal love of sport.**

The Stanno logo represents all the beauty that sport brings. Athletes gather courage, set goals and strive for the highest achievable. This all comes together in the stadium, the place where you experience 'moments of glory'.

Orange is the colour of optimism, dedication and fighting spirit; exactly the elements an athlete needs. Optimism breeds creativity, dedication breeds focus and fighting spirit breeds longevity. These elements are therefore the building blocks for our range. By developing extensive collections and creating specialised products for specific groups of athletes, we enable athletes to excel.

## **Better Club, Better Team, Better Player**

Stanno has been a very reliable partner of sports clubs for over 30 years. Originally supplying goalkeeper gloves, shin guards and socks, now a full service supplier to more than 3000 clubs in Europe.

**Better Club:** Stanno stands for unity, inclusivity, and pride. A sports club connects people and everyone who contributes to the club, whether you are a player, volunteer, or fan, together you make the club and we at Stanno help you to be as successful as possible giving your club a look to be proud of.

**Better team:** by supplying your team we want to make it possible for your Club to receive the best products. Everyone benefits from working, performing and having fun together.

**Better player:** by investing in sportswear, researching new materials, and working with our partners, we help enable players to feel and ultimately perform better.

## **The Stadium. Our logo, Your home.**

## 20.000 M<sup>2</sup> TEAM SPORTS

We believe it is important to be transparent about stocks and maturities of our items and want to deliver quickly. We can achieve the latter because we keep stock. Next to our head office in Deventer is a warehouse covering no less than 20,000 m<sup>2</sup>! Through strategic forecasting and planning, we ensure that every article is sufficiently in stock. This way, we offer the best service to all our clubs and Retail Partners.

# Towards a circular sports brand

Are you committed to sustainability? So are we!  
As a sports brand, Stanno wants to contribute to a better world for future generations. That is why we are committed every day to accelerating the transition to a circular economy and reducing our carbon footprint.

## Our steps towards a sustainable future

01

### CLIMATE NEUTRAL SHIPPING

To offset our CO<sub>2</sub> emissions, in Europe we have joined DHL's GoGreen programme. We pay a small surcharge per parcel shipped. DHL invests these proceeds in various sustainable projects.

By 2021, Stanno will have compensated a total of no less than 43,579904 tonnes of CO<sub>2</sub>. So we ship climate-neutral!

02

### COOPERATION SALVATION ARMY RESHARE

In Europe, together with our partner Salvation Army Reshare, we offer a recycling and return service for our clubs.

All players, staff, volunteers and supporters can hand in used clothing and textiles in a textile container provided by us. These are then recycled or reused by the Salvation Army.

03

**RECYCLED  
POLYESTER**

We take the first step towards a climate-neutral business by making as many items as possible from recycled polyester.

Recycled polyester is strong; retains its shape; resists shrinking, abrasion and creasing and dries quickly. In other words: great material for sportswear production.

Both the First collection and the Bolt collection are entirely made of 100% recycled polyester!

For more information and conditions for our Partner Programme please scan the QRCode or send an e-mail to [support.uk@stanno.com](mailto:support.uk@stanno.com).

# Partner Programme

**Deventrade, the home of Stanno has always had grassroots sport at its core. Our company objective is to supply high quality product, competitively priced, well stocked and delivered quickly. Now more than ever, clubs need help purchasing kit and equipment to enable them to continue to survive.**

We are proud to introduce our **Partner Programme**. The key objectives are to reward the clubs who spend money on Stanno product by offering them extra discount through our nationwide dealer network. This is done by passing on additional discount to our clubs through our retail partners.

Clubs can choose any product from our comprehensive Teamsport collection or choose your own specially designed kit. With Special Design you can create a kit along with our in-house designers that's unique to your club. Even the socks can be produced in the clubs colours, with a knitted club logo!

Ask your local Stanno retailer about our partner programme, and the considerable benefits being a Stanno partner club brings.

# Special design

Together with you, we ensure that team spirit, identity and local pride come together in the club kit. Here, the possibilities are endless, especially if you choose Special Design!

These items meet everything you can expect from a top brand. The high quality and perfect fit you know us for, combined with a design that fits the character of your club. Even socks with your club look are possible!

We develop products according to our own Stanno design philosophy. Function. Form. Appearance. In that exact order. To guarantee and safeguard this, everything is done under our own direction from our headquarters in Deventer.

# The Stanno

# family

Stanno is the proud partner of strong, unique and inspiring leagues, clubs, teams and players around the world. Together they form the warm Stanno family - where character, passion, commitment and dedication are paramount. For us, you are not a number. We see every club as an essential player who should feel seen and heard. In this family, everyone is welcome. Are you next?

# sponsorships Goalkeepers

Stanno launched the first collection of goalkeeper gloves back in 1990. Making innovative use of foam and finger protection, the brand set a new standard for goalkeepers. Since then, every new collection is developed in close collaboration with goalkeepers at the highest level. This way, technology and experience are united in every glove for a maximum result.

Stanno works closely with goalkeepers and clubs at the highest level. The expertise of these professionals is of major value in the development of new goalkeeper gloves and collections.

# Foam information

Grip dry weather

Grip wet weather

Cushioning

Abrasion resistance

HYPER FOAM PLUS

**HYPER FOAM PLUS** is an ultra-soft and even thicker foam than Hyper Foam. This ensures an even better grip in both dry and wet weather conditions. Its absorbency has been considerably improved, which ensures optimum impact reduction and even better ball control. An additional advantage of Hyper Foam Plus is the improved, longer lifespan.

★★★★★

★★★★★

★★★★★

★★★★☆

HYPER FOAM

**HYPER FOAM** ensures optimal grip in both dry and wet weather conditions, thanks to the foam's absorbent properties. Hyper Foam guarantees optimal comfort and increases ball control thanks to its excellent impact reduction.

★★★★☆

★★★★☆

★★★★☆

★★★★☆

AQUA FOAM

**AQUA FOAM** offers optimal grip in wet conditions. The soft and more open foam structure takes up water, which - in comparison to other types of foam - provides a 25% better grip. Additionally the Aqua Foam gloves contain an extra shock-absorbing function to reduce the impact of hard shots. The changing needs of professional keepers require that the characteristics and quality of the foam continually develop.

★★★★☆

★★★★★

★★★★☆

★★★★☆

SUPER SOFT PROFI FOAM

**SUPER SOFT PROFI FOAM** has excellent properties for grip in both dry and wet conditions, and it also offers excellent cushioning. The use of the latest materials ensures durability and optimal comfort.

★★★★☆

★★★★☆

★★★★☆

★★★★☆

SOFT FOAM

**SOFT FOAM** provides a reliable grip and excellent cushioning. Soft Foam ensures maximum ball control and optimal comfort.

★★★★☆

★★★★☆

★★★★☆

★★★★☆

**One Piece Fit Design**

The supple, lightweight material of the wrist strap runs over the upper hand and provides an even better connection around the skin. The OPF design also results in an extra light glove.

**Finger protection**

Firm, flexible strips on the upper side of the fingers provide good protection against injuries in contact with the ball. The flexibility of the strips guarantees that suppleness remains guaranteed while throwing, punching and catching the ball.

## Grip during dry weather conditions

The adhesive properties of the foam are decisive for an optimal grip and the best performance. The weather is a big influence on the properties and performances of the foam material. Playing during dry weather requires specific foam components for optimal results.

## Grip during wet weather conditions

Moisture, rain and wet conditions affect the grip and require additional components for a better grip. A softer and more open foam structure absorbs the water and is very suitable for wet weather conditions.

## Cushioning

As well as grip, cushioning is an important factor in determining the most suitable goalkeeper gloves. The softer and thicker the foam, the better the impact of the ball can be absorbed. Also the thickness of the basic material of the gloves determines the amount of cushioning.

## Abrasion resistance

Foam is a very soft material that needs special treatment. Regular ball contact leads to wear and tear of the foam. The degree of wear is determined by the surface structure and the density of the foam material. A more coarse and closed foam structure will lead to less wear.

ROLLFINGER

### Rollfinger-model

With the rollfinger system, the finger is completely surrounded by foam, without stitching. The magnification of the grip surface that is created in this way, allows for optimum grip on the ball.

Ultimate Grip JR II

Ultimate Grip JR III

Ultimate Grip III

Hardground JR V

ROLLFINGER NEGATIVE

### Rollfinger negative

In a negative-stitched rollfinger model, the latex foam is rolled around the inside of the finger. This increases the foam surface area and therefore grip. The stitching seams are on the inside, making the glove fit tighter around the fingers. This increases ball control.

Ultimate Grip IV

FLATHAND POSITIVE

### Flathand positive

In a flathand glove, with positive stitching, the stitched seams are applied to the outside of the fingers, increasing the foam surface and creating a larger area for catching the ball.

Volare JR II

Thunder JR VI

Power Shield V

FLATHAND NEGATIVE

### Flathand negative

In a flathand glove, with negative stitching, the stitched seams are applied to the inner side of the fingers, making the glove fit more tightly around the fingers, and increasing the control on the ball.

Volare Match II

Thunder VI

RFH POSITIVE

### Hybrid positive

In case of a hybrid glove, the advantages of the rollfinger system and flathand (positive stitching) are combined. With the rollfinger system, the finger is completely surrounded by foam, without stitching. The stitched seams are applied to the outside of the fingers. The magnification of the grip surface that is created in this way, allows for optimum grip on the ball.

Hardground V

Ultimate Grip Aqua RFH III

RFH NEGATIVE

### Hybrid negative

The advantage of the rollfinger system and stitching on the inside of the fingers combined. The glove fits tighter around the fingers because of the stitching on the inside and is also surrounded by foam. The surface area on the inside of the hand is further increased, this makes the surface to catch the ball even greater.

# ACCESSORIES

A collection of sports accessories is displayed against a grey wall. In the foreground, a yellow and black soccer ball with 'DERBYSTAR' and 'SELECT' branding sits on the floor. Behind it is a mesh bag filled with soccer balls. To the right, a black backpack with a bright green water bottle is visible. A bright green mesh vest hangs on a rack. Below the vest, a pair of black athletic shoes is shown. In the bottom right, a black tray holds several black water bottles with silver caps. The word 'STANNO' is printed on the tray. The word 'ACCESSORIES' is overlaid in large white letters across the center of the image.

# Pride Collection

The Pride collection pays homage to Stanno's rich history. The collection combines a modern fit with fabrics and design details that have proven their worth. The result is classic, powerful and functional. With Pride, we do what we are good at and show what we are proud of. A collection made with love for team sports and a clear objective in mind: to give you the best sports experience.

## Bolt Collection

Bolt is designed for athletes who appreciate combining functional sports items with a rich, cool look. In fact, the design of this fashionable team line features modern fashion elements, allowing you to start your game in style. The items in the Bolt team line are also made from recycled materials, allowing your team or club to make a sustainable choice.

# Prime/Centro Collection

Every athlete knows the wonderful feeling of putting on a warm, comfortable jacket after a workout. You will experience this fantastic feeling over and over again with a jacket from the Stanno Prime collection. The jackets are made with care to ensure that you get the best quality!

The Centro Collection complements the other Stanno team lines. Items are indispensable before and after sports activities or form the link between teamwear and individual use. The sports items are made of the best materials for optimal performances.

## Plaza Collection

Sport should not stop when the weather is poor. That's why Stanno developed the Plaza line. The items from this collection will keep you warm and protect your muscles. The zip pockets on the articles ensure that you can carry all your valuables safely. Looks are combined with comfort and usability. This allows you to train to the max and look good at the same time!

## Base Collection

Comfort and style; those two elements are reflected in every item from the Stanno Base line. The items with a high percentage of cotton are perfect to relax in after a game or training. Therefore, the Base collection should certainly not be missing in the wardrobe of an athlete. Like Stanno's other collections, the Base team line is easy to print a club or sponsor logo, making it excellent for teams, clubs and even companies!

# Functionals Collection

The Stanno Functionals collection consists of stylish, functional training items that are perfect for sports such as fitness, crossfit and running. Whether you go for a legday or an energetic long distance run, you can count on the items from the Functionals collection for any workout. Functionals items are made of high-quality sports materials and can be combined perfectly with our other collections.

# Size charts

On photographic reproduction and print some colour changes may occur between pictures and original products. We reserve the right to make product/technical changes (in design, colour, function and material), which we feel, will make for improvement of the product. We will not accept any responsibility for printing errors in the catalogue! All Stanno products are suitable for printing, front or back.

Garment care: Stanno products are made to the highest standards and are subject to strict quality control procedures. Garments however can discolour due to substances such as mud and grass, liniment or oil, and of course perspiration, all of which may not be fully removable by washing. The extent of discolouration can be greatly reduced by following a few simple procedures. Soaking and/or washing of the garment in water and detergent as soon as possible after use can reduce discolouration, using at least the same volume of water as the garment being treated. Always follow detergent manufacturers instructions, especially those intended to tackle heavy stains and avoid products containing bleach. Stanno International cannot accept any liability for discolouration or damage to garments resulting from staining caused by elements foreign to the materials used in manufacture.

All catalogue prices are recommended prices inclusive of VAT. The copying of products, in whatever form that may take, is forbidden without the prior written consent of Stanno International. Stanno International reserves the right to modify product specifications and prices at any given time.

Please note all time lines listed are purely for guidance and we reserve the right to make changes to these. It also applies that in the last year of the stated period, we can no longer guarantee complete size runs.

## ACCESSORIES

### SHOES JUNIOR

Foot length	UK	EU	US
18,0	9	27	10
18,6	10	28	11
19,3	11	29	12
20,0	11,5	30	12,5
20,6	12	31	13
21,3	13	32	1
22,0	1	33	2
22,6	2	34	2,5

## NOT SURE WHAT YOUR SIZE IS?

Use our size charts and measuring instructions to find out which size suits you best.

Our size charts indicate which clothing size best suits your body proportions. We have a wide range of sizes that may vary by garment, fabric or fit, therefore garments may vary slightly from the indicated size.

### HOW TO MEASURE CORRECTLY?

<b>1</b>	<b>Body length</b>	Measure from the sole to the top of your head.
<b>2</b>	<b>Chest</b>	Measure all around where the chest circumference is widest.
<b>3</b>	<b>Waist</b>	Measure all around where the waist circumference is smallest.
<b>4</b>	<b>Hips</b>	Measure all around where the hips circumference is widest.
<b>5</b>	<b>Calf</b>	Measure all around where the calf circumference is widest.
<b>6</b>	<b>Foot length</b>	Measure from the tip of the toes to the back of your heels.

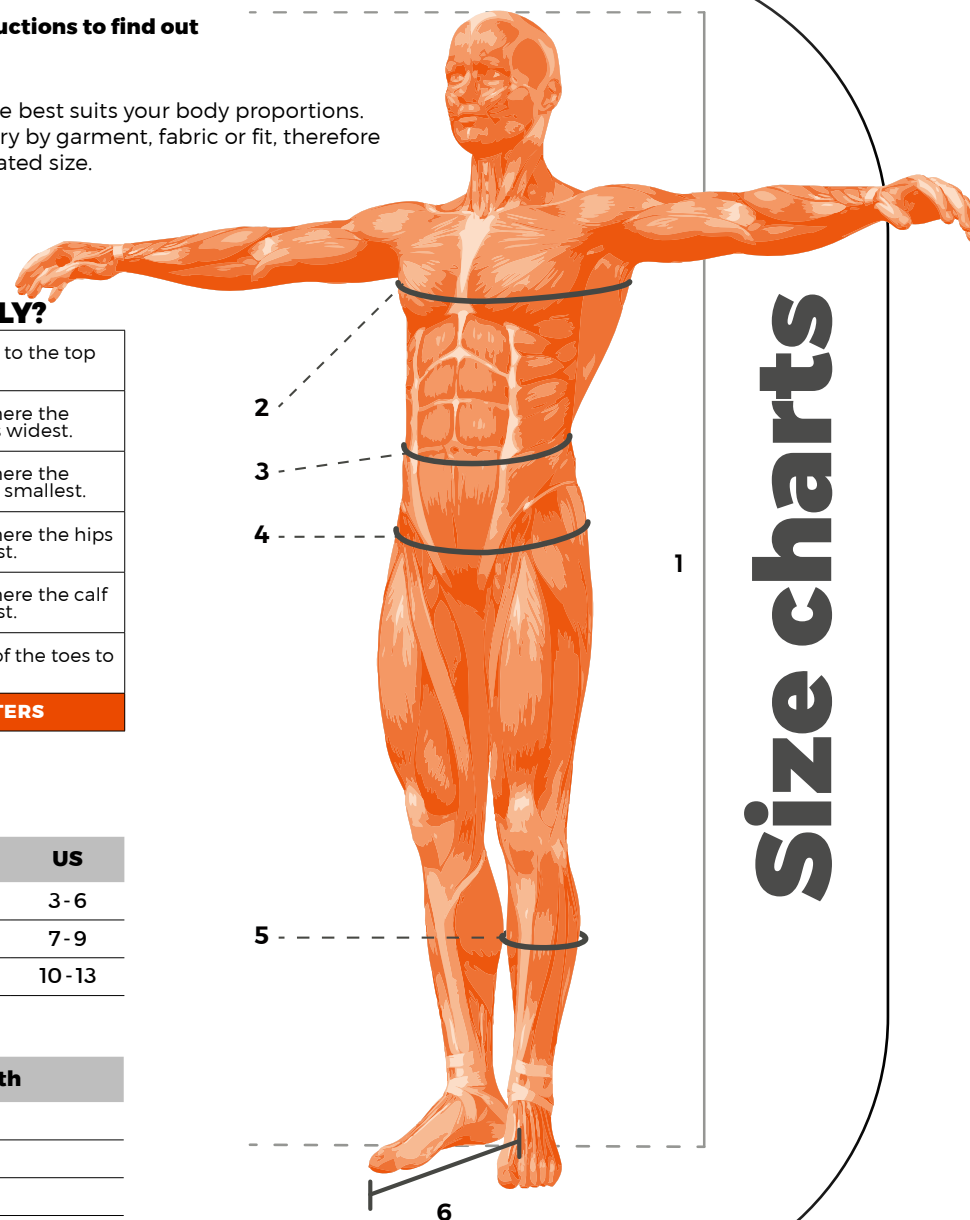

**SIZES ARE MEASURED IN CENTIMETERS**

### COMPRESSION SOCKS

Foot length	Calf size	UK	EU	US
≥22-24,5	32-37	3-5	35-38	3-6
≥25-27,5	38-42	6-8	39-42	7-9
